Hendrickson's

WILL BEGIN MONDAY

Miss Annie M. Casey received a telegram from Dr. A. T. McCormack at Bowling Green yesterday stating that he would arrive in this city today and the actual work of the Sanitary Survey would begin on Monday. In the telegram Dr. McCormack says: "The Public Health Service will be the best community movement ever undertaken."

Dr. Locke of the United States Public Health Service is already in the city and is prepared to begin the work immediately.

Born to Mr. and Mrs. Paul Emmitt of Waverly, Ohio, a fine son—John Wells Emmitt. Mr. Emmitt formerly lived in this city. He is a relative of Mr. John Wells of Eastland.

KING'S DAUGHTERS MEETING

On Monday afternoon at 3 o'clock the King's Daughters of the Episcopal Church, will meet with Mrs. Tolle Hunter at her residence on East Third street. The King's Daughters are glad to welcome the following new members: Mrs. E. C. Phister, Miss Jessie O. Yancey of our own city and Mrs. Benjamin F. Thomas of Chattanooga, Tenn. Mason county is justly proud of Miss Yancey for she "has made good" in every responsible position she has held and the other ladies are well known for their high standards and true worth, so we congratulate the King's Daughters on their valuable new members, and it is our earnest wish that success will continue to attend this excellent organization.

DISABILITY POSSIBLE

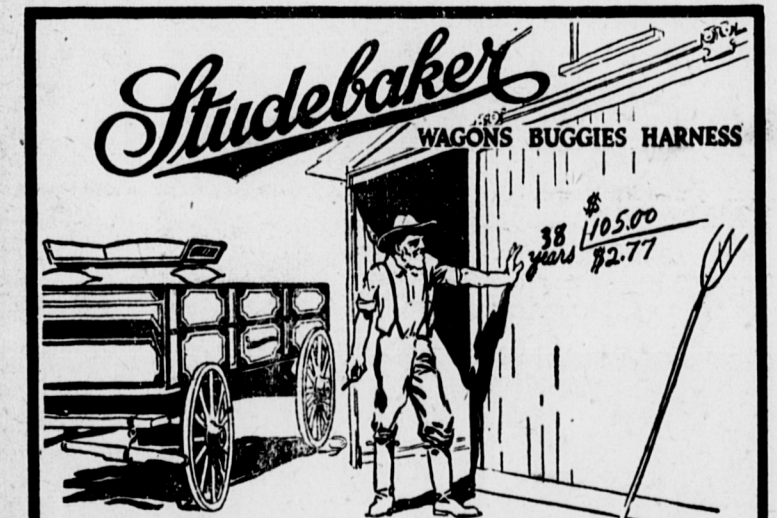

A NEW POLICY

Work like this, John Sample, age 35, pays \$29.46 per thousand, which will be reduced by 1917 dividends \$5.22, upon payment of second premium, making the net cost \$24.22. Policy will contain total and permanent disability benefits, which means, first, waiver of premium payments on policy during disability, and company will pay the insured \$1000.00 per year while disabled, then the face of policy, \$1000.00, at death; disability means loss of eyesight, loss of both hands, loss of both legs, loss of one hand and foot, loss of mind, total loss of body power from paralysis or disease.

Paid \$105.00 for a Studebaker wagon 38 years ago

IN 1876 Mr. R. F. Dewey of Millersburg, Ind., bought a Studebaker farm wagon for \$105. Dividing \$105 by 38 years it will be seen that Mr. Dewey's Studebaker cost him—to date—\$2.77 a year.

—and, as the wagon is still giving good service, every additional year that Mr. Dewey uses his wagon still further reduces the cost per year.

You can't beat this for an investment.

We carry a line of Studebaker wagons just as strongly made, just as reliable, as the Studebaker wagon Mr. Dewey bought 38 years ago.

Come in and look them over. We will demonstrate to you that a Studebaker wagon is an investment that pays every time.

GO TO SUNDAY SCHOOL

Every One Urged to Attend at Some Sunday School Tomorrow Morning—Five Thousand Wanted in Attendance.

Tomorrow is the official Go-to-Sunday-School Day in the State of Kentucky, it being the third year of the observance of that day. Kentucky was the first state in the Union to hold a state-wide Go-to-Sunday-School Day but since the first one many other states have joined in the movement and plans are now being made by Sunday School workers all over the country to have the President declare a national Go-to-Sunday-School Day.

Maysville will not be behind in the movement this year but will be among the leaders of the state in the total attendance. The total attendance of the state will in all probabilities exceed one million. Every city and county Sunday School organization will get all of the attendances in the schools under their control.

Every pastor and Sunday School superintendent in the city has set the mark for their church at a figure higher than the average attendance and they have put their many members to work soliciting others to come to their churches on the big day. Maysville will doubtless have a banner day in attendance and the mark will go much higher than it ever has before.

Make Sunday the biggest day ever known among Maysville Sunday Schools. The result of the contest with Somerset will be announced in Monday's Ledger.

MRS. WILBUR R. SHUBERT

Mrs. Wilbur R. Shubert of Latonia, died at the home of her parents, Mr. and Mrs. J. F. Lewis at Dover, Thursday morning at 8 o'clock following an illness of blood poisoning. Mrs. Shubert has been ill about two months, having been at the home of her parents for half of that time.

Mrs. Shubert would have been 21 years of age on May 27. She had been married only 18 months. She was a graduate of the Augusta High School several years ago and was a very popular and well liked young lady and will leave many friends to mourn her loss.

Besides her husband, she leaves her parents, Mr. and Mrs. J. F. Lewis and two sisters, Misses Lucile and Thelma Lewis of Dover.

The funeral will be held on Sunday afternoon at 2 o'clock from the home of her parents in Dover. Burial in the Dover cemetery.

WE WOULDN'T LIKE TO COUNT THE BUNCH

The E. L. Manchester Produce Co. of this city during the past several days has shipped 4200 cases of eggs from this city to big cities in the eastern part of the United States. The eggs made several car loads. Counting 30 dozen of eggs to a case, a grand total of 1,512,000 eggs were shipped. The Manchester Company paid 30 cents per dozen for the eggs, the total amount paid being \$37,800. This is certainly a remarkable showing for Mason county and vicinity in the production of eggs, and shows that the Manchester Produce Co. is one of the biggest handlers of such products in this section.

FARM SOLD

Mr. John Wilson, through his agents I. M. Lane & Co., sold Friday the old Calbertson farm located just south of Forest avenue to Messrs. W. Holton Key and James M. Rains. The farm contains 57 acres, 24 of which is bottom land. Owing to its nearness to this city will no doubt be very valuable property in the near future.

NEGROES WENT TO PORTSMOUTH

Mr. J. H. Link of Portsmouth, Ohio, was in this city yesterday and secured twenty-two young negro men to go to the peerless city to work in the large steel mills there. All of the negroes going were from this city. Mr. Link will return in a few days to obtain another gang.

Was Fully Exemplified Last Night By the Baracas When They Gave One of Their Members the Tin Pan Degree.

About 50 of the members of the Baraca Class of the First Baptist Church serenaded Mr. Houston Hall, a member of that organization. After giving Mr. Hall a fine "band" concert he was placed in an old carriage, one that had belonged to his grandfather and thence hauled down the street by the serenaders. The parade went as far as Wall street. On the return Mr. Hall acted as host at the Elite Confectionery. A number of banners were carried by the men in the parade, which is second only to the great Shriners parade of last Thursday week. The following were the banners:

"Was a bachelor. Then a Baraca. Now a benedict. Moral. Join the Baracas."

"Once, Kentucky's crack shot but defeated in a tournament with Dan Cupid."

"I usually Sell Mud Brick but recently unloaded upon an unexpected client a Gold Brick."

"Baraca Boosters Make Ideal Husband. Girls, persuade your lovers to join the Baracas."

FIXING OF PRICES BY GOVERNMENT

This country does not often go to war. We prefer ways of peace and pleasure and are not in the habit of maintaining extensive fighting machinery in times of national tranquility, notwithstanding we have quite properly been often warned against the dangers of unpreparedness.

Unaccustomed to these things, it is surprising that, when suddenly aroused by war's alarms, we should become somewhat panicky and do and say at least a few foolish things, albeit a little, or maybe quite a vigorous stirring up of things generally may now and then be good for our souls. Stagnation, on the one hand, brings decay; uninterrupted and headlong prosperity, on the other, spells disaster, in nations and as well as in the case of individuals.

As soon as the President and Congress officially recognized the state of war existing between the United States and Germany we became very much excited about a condition of things which has existed for many months, namely, the shortage in the food supply in this country and Europe, and one of the first propositions advanced both in and outside of Washington was that the government should be given authority to fix the maximum price of staple articles.

This suggestion attracted much favorable comment from persons who had suffered at the hands of men who had been speculating in foodstuffs, but it has now been found to have a "kick" concealed in it. The farmers, who produce everything we eat in large quantities, at once conceived the very correct idea that if the government fixed the maximum price of articles of food, this would close the open door to competition in the markets of the country and might result in prices for grain, etc., so low that there would be no profit for the producer.

It is surprising how many farmers in Central Kentucky, especially tenant farmers, had begun to fear the results of this disposition to have the government fix maximum prices. This led The Leader on Friday to telegraph the Secretary of Agriculture at Washington and ask him to send a reassuring message which would state the exact position of the Department of Agriculture with respect to this subject.

The reply of Secretary Houston was very satisfactory. It indicated that the United States will hardly duplicate the error made by Germany at the beginning of war when that country endeavored to fix the price at which the farmer could sell his grain. There the scheme of governmental control of prices failed entirely.

Great Britain pursued the opposite and quite the sensible course. In that country no effort is made toward fixing a maximum price. On the contrary, the government will endeavor to stimulate extraordinary production of food products by fixing the lowest price at which a farmer will be required to sell his wheat and will leave the market open to the regular laws of trade. If the product does not in the market realize the minimum price fixed by the government, the government will take the grain itself or pay the difference to the producer.

In the United States during the present crisis we should be careful to take no steps that will in the least degree embarrass the landowner or threaten his legitimate profits in the home and foreign markets, otherwise there will be no encouragement to grow larger crops. Further, while one should now, as in all times, exercise sane and reasonable economy in his affairs, in his home and in his business life, the best possible safeguard against financial disaster is a determination on the part of every citizen to maintain things at their normal stage and to make a constant effort to increase, rather than diminish, the average income in all lines of trade.

Stagnation is not economy. Productivity means prosperity and the ability of the individual and of the nation to fight and to live while fighting.—Lexington Leader.

Our guess is that if Cupid shall ever be elected to Congress he will throw away his bow and arrow and begin shooting off his mouth.

As a general thing, probably it is better for a mother to pick out her daughter's husband than to pick on her son-in-law.

Our idea of the man who smells of cloves is that he hasn't the courage of his convictions.

Possibly he is undemocratic, but anyhow, Cupid has always employed the selective draft.

DIZZY SPELLS

Relieved After Taking Two Bottles Of Cardui, Says Tennessee Lady.

Whitwell, Tenn.—Mrs. G. P. Cartwright, of this place, writes: "About four years ago the dizzy spells got so bad that when I would start to walk I would just pretty near fall. I wasn't past doing my work, but was very much run-down."

I told my husband I thought Cardui would help me, as a lady who lived next door to me had taken a great deal, and told me to try it. This was when we were living in Kentucky.

My husband got me a bottle and I took it according to directions. It helped me so much that he went back and got me another bottle. I got a whole lot better and just quit taking it. I got over the dizzy spells. I took no other medicine at that time nor since for this trouble. No, I've never regretted taking Cardui.

I felt just fine when I finished the second bottle.

Purely vegetable, mild and gentle in its action, Cardui, the woman's tonic, may be the very medicine you need. If you suffer from symptoms of female troubles, give Cardui a trial. All druggists.

SENATE AND HOUSE AGREED ON \$280,000,000 GRANT

Washington, May 3.—Senate and House conferees agreed tonight on the army appropriation bill, carrying about \$280,000,000 for the support of the regular establishment for the fiscal year June, 1918, and on the military academy bill. Tomorrow they will take up the war army draft bill with the hope of returning it for final action before the end of the week.

The only serious difference between the conferees on the appropriation measure was over a Senate amendment authorizing an increase in the army general staff from 50 to 91 and permitting all members to be assigned to duty in Washington. Under existing law only half the staff can be stationed here. The House conferees accepted the section with a proviso that it should be effective only during the period of the emergency.

There has been no discussion of the draft bill features so far and members are not predicting the outcome on disputed points.

SUNDAY LAUDS ROOSEVELT PLAN

New York, May 3.—Billy Sunday mounted his creaking rostrum Tuesday night, cupped his hands and directed "a little of the old Gehenna" toward Washington, where, he declared, "the bunch are about to make the bull they pulled in Germany and England." He was referring to the espionage bill which is now before the Senate.

"Woe, Washington!" he yelled; "woe to you if you dare to hobble the press of America as they did in Germany and England. The American people won't go into anything blind. You can't drive this bunch that way, but if you show us where we're jeopardizing our cause we'll go with you to the last trench!"

"All the big men in history have been fighters," Billy told his audience. "Every prophet worth while packed a punch; every leader carried a big stick, and if Roosevelt subject to an army to France let him do it. I would."

FOOD CONTROL

Sought in Many Bills Before Congress—Absolute Authority to Regulate Production, Distribution and Prices Asked.

Washington, May 3.—Absolute authority to regulate in its discretion the production, distribution and prices of food and other necessities during the war was asked of Congress today by the administration.

In a sweeping bill introduced with administration approval by Chairman Lever, of the House agriculture committee, it is proposed to empower the President, under the war clause of the Constitution:

To take these measures whenever in his opinion the natural emergency shall require:

To fix maximum and minimum prices for food, clothing, fuel and other necessities and the articles required for their production;

To prescribe regulations to govern the production of these commodities and if necessary to requisition the producing factories, mines or other establishments;

Preference on Railroads

To compel holders of necessities to release them in amounts insuring equitable distribution;

To regulate exchanges in such a way as to eliminate market manipulation;

To compel railroads to give preference to the movement of necessities;

To levy such importation duties as he finds necessary to prevent excessive "dumping" of foreign products, and to impose limitations of provisions upon the use of grain in the manufacture of liquor.

Powers More Precarious

In addition the Secretary of Agriculture would be empowered to establish standard food grades, to license and control the manufacture, storage and distribution of foods, to prescribe the percentage of flour to be milled from wheat and to regulate the mixing of wheat flour with other flour in the making of bread and other food.

In a statement tonight, Congressman Lever declared there was nothing in the measure to disturb legitimate business activities because "it is hoped that the mere conferring of the more extreme new powers will be sufficient without its becoming necessary to exercise them."

The bill is supplemented to the administration food measure introduced in the House earlier in the week, providing for a survey of the country for food, for research and conferring certain powers to prevent food speculation.

PLOT TO CRIPPLE SUPPLIES OF WAR BY STRIKES BARED

New York, May 3.—Wide spread ramifications of the German plot to cripple shipments of munitions from this country to the Entente Allies by fomenting strikes, were disclosed late today at the trial here of Captain Franz Dintelen of the German navy and seven others charged with conspiracy.

Registers and ledgers from hotels in this city, Washington, Chicago, Indianapolis and Atlantic City, containing signatures and accounts of the alleged plotters, were introduced in evidence to show the extent of the propaganda.

CRYING FOR HELP

Lots of It in Maysville But Daily Growing Less.

The kidneys often cry for help. Not another organ in the whole body more delicately constructed. Not one more important to health. The kidneys are the filters of the blood.

When they fall the blood becomes foul and poisonous. There can be no health where there is poisoned blood.

Backache is one of the frequent indications of kidney trouble. It is often the kidney's cry for help.

Head it.

Read what Doan's Kidney Pills have done for overworked kidneys. Read what Doan's have done for Maysville people.

Mrs. E. Sphar, E. Second and Walnut Sts., Maysville, says: "Whenever I have heard anyone complain of their kidneys, I have never seen Doan's Kidney Pills fail to help them. I have been greatly benefitted by them myself. At times, my back has ached and I have suffered from lameness through the small of my back. When I have been in that way, I have used a box or so of Doan's Kidney Pills, which I get at Chaslor's Drug Store. They have always quickly removed the trouble."

Mrs. Sphar is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mrs. Sphar had, the remedy backed by home testimony. 50c all stores. HOW KENTUCKY WOMEN CAN HELP KENTUCKY SOLDIERS

Beautiful Army at Louisville, below, and Francis X. Bushmann and Beverly Bayne, above.

The First Kentucky needs a thousand recruits to fill its ranks to war strength. Once recruited, these men must be cared for at the front.

It is your regiment as well as ours. If its ranks are not filled, Kentucky will fail to do its duty in the country's hour of need. Kentucky has never failed before—it must not fail now.

Knowing that you feel in this matter as do the officers and men of the regiment, I am writing you in their name to ask that you help in the recruiting campaign the regiment is now making.

This campaign costs money. To raise it the regiment has enlisted the services of Francis X. Bushmann and Beverly Bayne, the famous movie stars. They will be in Louisville May 28th to lead the ball to be given that night at the First Kentucky Armory. At that ball will be chosen the girl who is to represent the State of Kentucky in the contest of Southern beauties to be held in New Orleans, June 2.

We all know that the most beautiful woman in the South lives somewhere in Kentucky. One purpose of the ball is to find her. The other is that the men of Kentucky shall be first on the firing line in France when the American expeditionary force is sent over. Will you help to realize both purposes?

The terms of the contest are as follows:

How To Win.
The two girls in each county in the state selling the most tickets to the First Kentucky Ball, May 28th, and thereby receiving the greatest number of votes, will represent their respective counties at the Military Ball and will be in "The Beauty Class" from which the Kentucky Beauty will be selected for the trip to New Orleans and for a professional motion picture tryout in New York.

From the girls in the "Beauty Class" a Committee of Judges will select the most beautiful to represent the State of Kentucky in the Big Picture Production to be made in New Orleans June 2. Send in orders for tickets, with cash or check or money order, made payable to The Treasurer, First Kentucky Infantry, Armory, Louisville, Ky., and tickets will be forwarded immediately and credit will be given the sender for amount turned in.

Price of tickets—Spectator ticket, \$1.00. Admission to the Dancing Floor, one person, \$2.00; for couple, \$3.00. \$1.00 ticket entitles girls to 10 votes. \$2.00 ticket entitles girls to 20 votes. \$3.00 ticket entitles girls to 30 votes. Address all inquiries to The Treasurer, First Kentucky Infantry, The Armory, Louisville, Kentucky.

WM. A. COLSTON,
Colonel, First Kentucky Infantry.

AMERICAN ENGINEERS TO SOLVE ALLIES' PROBLEMS

Washington, May 3.—In addition to the political and economic commission which President Wilson will send to Russia, a special commission of eminent railroad engineers will be sent immediately to help reconstruct that nation's transportation system. It will be made up of four men, including John F. Stevens, one of the principal engineers employed on the Panama Canal.

Immediately assistance to Russia and France in strengthening their railroad system is planned by the American government. The first step will be the dispatch of a commission of four railroad experts, including John F. Stevens, a consulting engineer who was chief engineer of the Panama Canal Commission before General Goethals.

The plans for aiding France in solving her railroad problems which have been drawn up in detail by the Council of National Defense will be made public within a few days. The question was discussed here today by

a group of railroad heads, in conference with members of the Defense Council.

President Wilson had planned to make Mr. Stevens a member of the Political and Economic Commission, headed by Elihu Root, which is to leave soon for Russia, but at the request of the Council Mr. Stevens was released for service on the special railroad mission. Other members will be John G. Greiner, of Baltimore; Henry Miller, former president of the Wabash Railroad and an official of the Burlington Road.

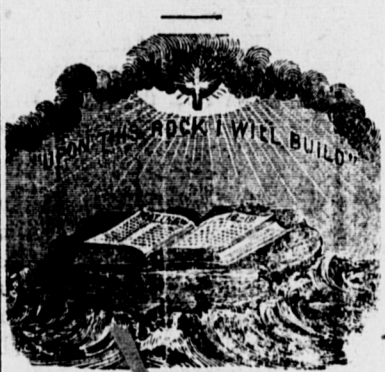

Louis W. Hill, of the Great Northern railroad, and Howard W. Elliott, of the New Haven System, were among the railroad officials in today's conference.

R. JACKSON, Pastor.

GERMANY BANKRUPT AFTER WAR

Washington, May 3.—Creation of a central purchasing committee in Washington for all supplies bought in the United States for the allied governments was forecast here today by Sir Hardman Lever, financial expert of the British war mission. Sir Hardman was careful to say that negotiations to this end still were incomplete, but he pointed out why a joint directing bureau would be essential to secure the most economical administration of the huge credits authorized by this country and the fairest distribution of supplies among the various nations. The American government is preparing to do its part toward seeing that the Allies get their money's worth for every dollar sent here.

Discussing the world financial situation, the British expert expressed the opinion that Germany will be practically bankrupt in the credit markets after the war. Sir Hardman said the financial aid of the United States had relieved Great Britain of a load of anxiety.

The British mission today spent one of its busiest days since arrival, opened by some of the members at breakfast conferences with American officials. Tonight Mr. Balfour entertained at dinner Secretary Lansing, and Mrs. Lansing, Ambassador Jusserand, and Madame Jusserand. Assistant Secretary Brockbridge Long and Mrs. Long and others.

Have been built and actually delivered to retail buyers since August 1, 1916. These figures—320,817—represent the actual number of cars manufactured by us since August 1st, 1916, and delivered by our agents to retail buyers. This unusual fall and winter demand for Ford cars makes it necessary for us to confine the distribution of cars only to those agents who have orders for immediate delivery to retail customers, rather to permit any agent to stock cars in anticipation of later spring sales. We are issuing this notice to intending buyers that they may protect themselves against delay or disappointment in securing Ford cars. If, therefore, you are planning to purchase a Ford car, we advise you to place your order and take delivery now. Immediate orders will have prompt attention. Delay in buying at this time may cause you to wait several months. Enter your order today for immediate delivery with our authorized Ford agent listed below and don't be disappointed later on.

RURAL CARRIERS EXAMINATION

The United States Civil Service Commission has announced an examination for the county of Mason, Kentucky, to be held at Maysville, on May 26, 1917, to fill the position of rural carrier at Dover, and vacancies that may later occur on rural routes from other postoffices in the above-mentioned county. The examination will be open only to male citizens who are actually domiciled in the territory of a postoffice in the county and who meet the other requirements set forth in Form No. 1977. This form and application blanks may be obtained from the offices mentioned above or from the United States Civil Service Commission at Washington, D. C. Applications should be forwarded to the Commission at Washington at the earliest practicable date.

REGULAR MONTHLY MEETING

The regular monthly meeting of the City Council will be held in the Council Chamber on Monday night. One of the most important matters to come before the Council will be the matter of placing a fireball on Limestone street. This subject has been thoroughly gone over and plans for the proposed building have been received. We understand that there is a great deal of opposition to the proposed building and the outcome is very much in doubt.

Mrs. A. L. Wells of East Second street left yesterday for Paris, Ky., to join her husband. Mr. and Mrs. Wells will make their future home in that city.

PROGRESS

We have on exhibition at the north-east corner of our bank building, a safe which was used in a bank at Washington, Ky., considerably over 100 years ago.

Inside our banking room we have installed one of the most modern fire and burglar proof vaults made. You will be greatly interested in seeing its massive construction, the ingenious and faultless locks, the individual safety deposit boxes and all the arrangements for the comfort and convenience of users.

You are invited to come in and let us show you the progress made in the last 100 years in vault construction. Whether you want a box or not, you are welcome.

For less than a cent a day you can rent absolute security for your valuables.

"She must be at least thirty-five years of age, weigh 110 pounds; don't have to be good looking at all. Here's your chance, ladies."

The above add was taken from a New York matrimonial paper, whose address will be given upon request. Ladies buy yourself a CAMERA from "De Nuzie" and prepare to answer this add. This fellow wishes a picture of every lady who answers, so get busy and bring your films to us to be finished and you can be sure that we will make you as good looking in the pictures as possible. We have an expert finisher, who is always on the job. Our prices are cheaper and we give much better work than others. Films bought of us developed FREE. Others charge 10c and 15c per roll. We have cameras from \$2.00 to \$60.00 a piece. We can suit your pocket book. Come in and take a look; it's free.

Mr. Christman is back on the job, and will take care of your work in the proper way. Always send your work to
